PROFESSIONAL SUMMARY

React.js and MERN Stack Developer with 2.3 years of experience, including 1.9 years in React.js development and 1+ year working with the MERN stack. Experienced in building responsive web applications, REST APIs, authentication systems, CRUD operations, and MongoDB-based applications. Skilled in React.js, Next.js, Node.js, Express.js, MongoDB, JavaScript, and modern frontend development practices.

TECHNICAL SKILLS

- Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Sass, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js
- Database: MongoDB, Mongoose
- Tools: Git, GitHub, VS Code, Postman
- Concepts: REST API, JWT Authentication, CRUD Operations, Responsive Design, API Integration, State Management

PROFESSIONAL EXPERIENCE

React.js Developer | Eways Pvt. Ltd. | Jul 2025 – Nov2025

- Developed and maintained responsive web applications using **React.js, JavaScript (ES6+), HTML5, CSS3, and Bootstrap/Tailwind CSS**.
- work on 3+ React.js project and responsive user interfaces using Tailwind CSS.
- Collaborated with backend developers and designers to deliver scalable solutions.
- Optimized application performance and improved user experience.

Web Developer & React.js Developer | Bfox Pvt. Ltd. | Mar 2024 – Jun 2025

- Enhanced responsive web applications using React.js, HTML, CSS, and JavaScript.
 - Integrated RESTful APIs using Axios and implemented dynamic data rendering, state management, and CRUD operations.
 - Worked closely with cross-functional teams to deliver client projects.
 - Delivered 3+ client projects using React.js and work on MERN stack technologies.
- Web Developer Intern | RW Infotech Pvt. Ltd. | Apr 2023 – Oct 2023
- Converted Figma designs into responsive web pages using HTML, CSS, JavaScript, and Next.js.

PROJECTS

• **ERP Management System (MERN Stack)** – Enhanced a full-stack ERP application with secure JWT authentication, customer and membership management modules, and complete CRUD functionality. Designed and integrated RESTful APIs using Node.js and Express.js, with MongoDB for data management. Built responsive user interfaces using React.js to streamline business operations. **Link:** <https://erp-frontend-eight-mu.vercel.app/>

Tomato Food Ordering App (MERN Stack) – Built a full-stack food ordering platform with user authentication, product management, shopping cart functionality, and order processing features. Integrated RESTful APIs and MongoDB for efficient data handling and expanded a responsive user interface using React.js. **Link:** <https://food-dell-mern-app.vercel.app/>

• **REIS Education & Immigration Website (React.js)** – Improved and maintained a responsive website for an education and immigration consultancy using React.js. Implemented reusable UI components, responsive layouts, and interactive user interfaces to enhance user experience across devices. Collaborated with design requirements and optimized website performance for improved accessibility and engagement.
