PROFESSIONAL SUMMARY

React.js and MERN Stack Developer with 2.3 years of professional experience, including 1.9 years focused on React.js development and over 1 year working across the MERN stack. Skilled in building responsive web applications, RESTful APIs, JWT-based authentication systems, and MongoDB-driven CRUD applications. Proficient in React.js, Next.js, Node.js, Express.js, MongoDB, JavaScript (ES6+), and modern frontend development practices, with hands-on experience delivering client projects end to end.

TECHNICAL SKILLS

- Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Sass, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js
- Database: MongoDB, Mongoose
- Tools: Git, GitHub, VS Code, Postman
- Concepts: REST API Design, JWT Authentication, CRUD Operations, Responsive Design, API Integration, State Management

PROFESSIONAL EXPERIENCE

Self-Learning & Career Development

Dec 2025 – Present

- Continued learning and improving React.js, JavaScript, TypeScript and MERN stack skills.
- Practiced backend development with Node.js, Express.js and MongoDB.
- Built projects to strengthen practical development skills.
- Actively explored job opportunities through LinkedIn and professional networks.

React.js Developer — Eways Pvt. Ltd.

Jul 2025 – Nov 2025

- Developed and maintained responsive web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Bootstrap/Tailwind CSS.
- Built and shipped 3+ React.js projects, creating responsive user interfaces with Tailwind CSS.
- Collaborated closely with backend developers and designers to deliver scalable, production-ready solutions.
- Optimized application performance and improved overall user experience through code refactoring and load-time improvements.

Web Developer & React.js Developer — Bfox Pvt. Ltd.

Mar 2024 – Jun 2025

- Enhanced responsive web applications using React.js, HTML, CSS, and JavaScript.
- Integrated RESTful APIs using Axios, implementing dynamic data rendering, state management, and CRUD operations.
- Worked closely with cross-functional teams to deliver client projects on schedule.
- Delivered 3+ client projects using React.js and MERN stack technologies.

Web Developer Intern — RW Infotech Pvt. Ltd.

Apr 2023 – Oct 2023

- Converted Figma designs into responsive web pages using HTML, CSS, JavaScript, and Next.js.

PROJECTS

ERP Management System (MERN Stack) | [View Project](#)

- Enhanced a full-stack ERP application with secure JWT authentication, customer and membership management modules, and complete CRUD functionality.
- Designed and integrated RESTful APIs using Node.js and Express.js, with MongoDB for data management.
- Built responsive user interfaces using React.js to streamline core business operations.

Tomato — Food Ordering App (MERN Stack) | [View Project](#)

- Built a full-stack food ordering platform with user authentication, product management, shopping cart functionality, and order processing.
- Integrated RESTful APIs and MongoDB for efficient data handling, with a responsive React.js user interface.

REIS Education & Immigration Website (React.js) | [View Project](#)

- Improved and maintained a responsive website for an education and immigration consultancy using React.js.
- Implemented reusable UI components and interactive layouts to enhance user experience across devices.
- Collaborated on design requirements and optimized site performance for accessibility and engagement.

Other React Projects

- Edusity — React-based education platform UI: <https://edusity-react-project.netlify.app/>
- Real Estate Listing App — React project: <https://real-estate-project-theta-gold.vercel.app/>

EDUCATION

- B.Sc. Information Technology — Kurukshetra University
- Diploma in Computer Software Technology — Alma IT

CERTIFICATIONS

- React.js Developer Certification — Sahosoft Technologies
